Resident Request Center. This versatile tool allows residents and businesses to notify Town officials of potential problems, concerns, or to set up a request for a service such as a special pick-up or brush collection. You can also track your request as it is addressed. The Resident Request Center can be accessed by clicking on the icon on the Town homepage.

Website. The foundation e-Government resource for anyone interested in Town related information. The website is continuously updated to ensure current and accurate information. Website topics and links include:

- Town news
- The Code of Ordinances (as well as recently approved Ordinances and Resolutions)
- Agendas and minutes
- Voting information
- Refuse and recycling information
- The Comprehensive Plan and Parks Plan
- Building permit application and fee schedule
- Setback & height requirements for principal & accessory structures
- Design Guidelines and Standards for certain types of development
- Town maps (wards, zoning, garbage collection routes, snow plow routes, bike trails, etc.)

Development Application Tracker. This tool displays individual web pages for development applications, listing the details regarding the project and tracking the project as it proceeds through various levels of Town review. The link to this tool is on the Town homepage.

CedarburgTV. Available online at www.cedarburgtv.com, AT&T U-Verse Channel 99 and on Time Warner Cable Channel 25 in the Town of Cedarburg. Cedarburg TV features a variety of informational shows as well as Town Board meetings.
